

- The Florida Department of Transportation's (FDOT) I-595 Management Team is comprised of local firms. The Concessionaire, I-595 Express LLC, a consortium created by ACS Infrastructure Development, and its Prime Contractor, Dragados USA, have indicated that the vast majority of the design and construction work will be performed by local engineering firms, local contractors and local workers.

## **FDOT Management Team (design & construction oversight)**

### ***Public Involvement***

- Media Relations Group, LLC

### ***Design Oversight***

- Reynolds Smith & Hills
- URS
- GBF Engineering
- CEC Corporation
- GCME

### ***Construction Oversight***

- The Corradino Group
- New Millenium Engineering
- Metric Engineering
- Carnahan & Proctor
- Tamayo Engineering

## **Concessionaire Team**

### ***Design***

- AECOM (EarthTech, DMJM Harris, etc)
- MACTEC Engineering and Consulting
- Greenhorne & O'Mara

- FR Aleman & Associates
- C3TS
- Curtis + Rodgers Design Studio
- RJ Behar & Company
- Beiswenger, Hoch & Associates

### ***Construction***

- GLF Construction Corporation
- Hubbard Construction Company
- Redland
- H&J Contracting
- Bergeron Land Development

### ***Construction Engineering & Inspection***

- HNTB
- Calvin Giordano

### ***Operations & Maintenance***

- Jorgensen Contract Services

- According to the Federal Highway Administration (FHWA) statistics, this \$1.2 billion design and construction project is expected to support approximately 33,600 jobs.
- The Concessionaire will comply with all applicable Federal-Aid construction contract requirements, including:
  - o Equal Employment Opportunity (EEO)
  - o Disadvantaged Business Enterprise (DBE) — commitment to FDOT goal of at least 8.1 percent of the \$1.2 billion contract
  - o On-the-Job Training (OJT) — anticipate more than 100 individuals to be trained in the construction trade
  - o Federal Wage Rate Tables
  - o Buy America — exclusive use of domestic steel and iron for construction
- The Concessionaire will lease approximately 30,000 square feet of office space within the vicinity of the project to house 200 Concessionaire and FDOT personnel for the full 5-year construction duration.
