## Keep profits from work to be done on I-595 here in the United States

March 14, 2009

It astounds me that in our desperate economic situation, we can give a foreign construction conglomerate from Spain the lucrative contract for the work to be done on I-595 in the amount of \$1.79 billion.

I realize they will hire local workers, but the profits will once again leave [the United States](#), creating more of an imbalance in our trade balance.

I am sure there are many desperate U.S. companies just as well-equipped to handle the vast work and help keep the much-needed money in the United States. Wake up, America. Let your representatives hear from you.
